

Phoenix Max Lite Without 4-Chanel Oscilloscope

Phoenix Max Lite

Get Maximum Performance and Superior Diagnostics

The Phoenix Max is TOPDON's newest cutting-edge automotive diagnostic scanner. With a 13.3" screen, this all-in-one tool offers a wide array of functionalities that will expand any technicians' capacity to complete even more jobs. The Phoenix Max includes a 4-channel oscilloscope, ADAS compatibility and Topology Mapping that shows all car systems in one view. Its updated MDCI (Modular Diagnostics & Communication Interface) includes the latest protocols, allowing professionals to perform more complex repairs on various automotive and heavy-duty vehicles with optional add-on software.
